Department of Climate Change and Energy Efficiency

Posted on 14 September 2011

Organisation

Department of Climate Change and Energy Efficiency

Purpose

The department's vision is to improve Australia's wellbeing by contributing to effective national and global responses to climate change, including the necessary transformation of the Australian economy.

Portfolio Budget Statements

Outcome 1:
Reduction of Australia's greenhouse gas emissions, adaptation to the impacts of climate change, and negotiation of an effective global solution, through the development and implementation of a national response to climate change; and bilateral, regional and multilateral engagement internationally
